<b>Model:</b> AEROALCOHOLIC MULTIPURPOSE 500 ml		
<b>Family:</b> INTERIOR CLEANING - DISINFECTANT		
<b>Product photo</b> <div style="text-align: center;">  </div>		
<p><b>Description</b></p> <p>Powerful alcoholic cleaner to sanitize the surfaces of any type of material, both professionally and privately. Its alcoholic formula eliminates any type of micro-organism and / or bacteria that the surfaces may contain due to their exposure, multiple use or contamination in regular transport. In addition, it helps in pest eradication procedures. It can be used for cleaning electronic components, ensuring that they are disconnected from the electric current and that they are cold (not recently used). Before connecting the electronic components make sure that the product has completely evaporated.</p> <p><b>Function</b></p> <ul style="list-style-type: none"> <li>• Eliminate micro organisms.</li> <li>• Sanitize all types of surfaces.</li> <li>• Prevents viral transmission.</li> <li>• It guarantees hygienic security.</li> <li>• Clean surfaces with traces of oil, grease or adhesives.</li> </ul> <p><b>Application:</b> spray generously about 40-50 cm on the surface to be treated and wait 2-4 minutes for the product to sanitize the surface and evaporate completely.</p> <p>Observations Does not stain, does not leave residues, quick drying, does not damage any component.</p> <p><b>Ref. : 260300 Package: 500 ml</b>  <b>Sales unit: 12 pcs.</b>  <b>For any query we have a product safety sheet.</b></p>
